

WE CAN HELP PROTECT YOUR COMPANY FROM:

A fine up to \$11,000 per day PLUS Monthly FTC Audits PLUS Government Interference

Customer names, addresses, Social Security numbers, credit reports, loan applications, lease information...all these and much more are considered nonpublic personal information or (NPI) records and **must now** be handled and destroyed properly. Tough new privacy legislation called **FACTA** imposes huge fines, monthly FTC audits and possible governmental interference on violators, no matter how accidental the incident.

One mistake can mean ID theft thieves can get your information and subject you to FACTA penalties!

We're Shred-It Las Vegas. As Nevada's leading confidential mobile document destruction firm, we've helped thousands of companies comply with all aspects of the law. Our on-site shredding of documents, VHS tapes, computer disks and microfiche keeps you in full NPI document management compliance.

Call 1-800-xxx-xxxx today to schedule a meeting with one of our Document Security Specialists. Assessing your needs by conferring with you and your staff, we'll show you how to comply fully with all of the law's requirements in the handling of confidential and sensitive documents. As our client, here's what you'll receive:

- FREE access to our exclusive website with ID theft information.
- Each shredding is fully guaranteed and endorsed with a "Document of Destruction"
- Yearly tally of the number of trees you saved through the recycling of shredded documents.

BY ACTING NOW you can take advantage of our 30-day risk-free "Shred-It and See" special offer. You'll sleep better knowing your company is safe from lawsuits and fines by being in full compliance with this incredibly strict new legislation. Don't delay another minute. **Call 1-800-xxx-xxxx right now!**
